

EFEST BATTERY

Which was born to help those who was eager to experience a novel and freedom vigour and enjoy a health life.

IMR 26650

3500MAH

Model:	-----	IMR 26650 V1
Rate Capacity:	-----	3500mAh
Nominal Voltage:	-----	3.7V
Voltage of Discharging:	-----	2.5V
Max Charging Current:	-----	4A
Standard Charge:	-----	2A
Discharging Current:	-----	32A
Plus Discharging Current:	-----	64A
Charging Temperature Range:	-----	0°C - 45°C
Discharging Temperature Range:	-----	-20°C -75°C
Cell Size:	-----	26.50(±0.2)mm x 65.20(±0.2)mm

CERTIFICATION

Certificated by CE, RoHS, FCC and MSDS

High safety performance and friendly greener environment material

High quality and global warranty

PET material
Wear resisting
Scratch prevention
Long-term warranty
Well-deserved reputation

All batteries may explode or burst into flame if used improperly or mistreated!
Do not store your battery in a pocket, purse, or other metal-containing objects to avoid short-circuit!
Do not disassemble, puncture, cut, crush, short-circuit, incinerate, or expose to water, fire, or high temperature above 100° C or 212° F!
Do not remove the tight plastic layer on positive (+) and negative (-)!
Do not use the battery if battery's wrapper is damaged!
It is your responsibility to understand the dangers as well as the proper procedures for handling all batteries.
More detailed battery operation you can check it on Efest official website.

Performance:

Lithium rechargeable battery perfect for vaping devices.
Safe, powerful, good performance 26650 mod battery
Cyclic utilization, maximum your equipment capacity.
Created with entire lifecycle which can easily be recycled and join the circular economy.

Perfect for vaping devices

Diameter:
26.50 (±0.2) mm

Length 65.20 (±0.2) mm

PACKAGE

WARNING

Product packaging

Carton battery packaging
The battery is placed directly
in the carton
